BRUCE GRIFFITHS

Artist Biography

Bruce has both practical and formal qualifications. Having learnt from some of the best in the world in watercolour; an emotive artist searching for mood, atmosphere, storyline and the pursuit of light focusing traditional semi-realism juxtaposing impressionism in watercolour.

Recent achievements include:

- Runner Up Professional Section Watercolour Society Queensland 2025
- Selected Winning Finalist 3rd International Budapest Art Show 2025
- Toowoomba Royal Show 1St in Watercolour 2025 and Grand Champion of Paintings 2022 & 2023
- Artist in Residence Falls Creek 2025
- Central Queensland University graduate
- Past McGregor and AOTB tutor

It was not always like that. Self-taught, Bruce will forever be indebted to his early days with world renowned Australian and overseas artists Robert Wade OAM, Robert Lovett, Greg Allen, David Taylor, Herman Pekel, Alvaro Castagnet, Joseph Zbukvic and Thomas Schaller, following that up with formal university qualifications through Central Queensland University, leading to a more professional direction.

This full-time practising artist has an art studio in Kleinton, Queensland. He engages in workshops, teaching both locally and intrastate. "Teaching makes me a better artist." He has learnt from some of the best in the world in watercolour and it takes a while to appreciate what is important, rejecting paintings that do not meet his increasingly exacting standards.

Bruce exhibits twice a year. He conducts structured watercolour classes and travel workshops within Queensland. His sales include England, United States, New Zealand and Australia.
